## New emergency care option for the Latrobe Valley

Latrobe Priority Primary Care Centre (PPCC) provides free GP-led care to people who need urgent care, but not an emergency response.

They provide urgent care for injuries and illnesses including:

- mild to moderate infections
- fever
- pain when urinating
- suspected fractures and sprains
- back and muscle pain
- minor cuts, burns, and insect or animal bites
- heartburn, vomiting, nausea
- headaches, migraines and brief fainting
- constipation, diarrhoea, abdominal pain
- allergies and rashes
- light bleeding in the first trimester of pregnancy
- mild to moderate asthma attacks, coughs and other respiratory symptoms

No appointment is needed.

The Latrobe PPCC may prove a better alternative to the hospital emergency department for you and your family if you need urgent – but non-life threatening – care.
