

Dear Parents,

As part of our ongoing commitment to improving our communication with our parents and families, we are looking to plan further information sessions about our work educating the students at Traralgon South Primary. Part of this process is looking for feedback to help us plan these sessions that target what you would like know about our work and school. We are looking to hold one or two sessions this term but we would like to have your input into the sessions. If there is an aspect of the school you would like more information on please make sure you email me or call into the office so we can plan the most informative session that caters for your needs.

At the end of the first term and at the first assembly I showed the massive pile of lost jumpers we have. We also have drink bottles, lunch containers and the odd piece of equipment that has not yet been claimed. All of this equipment will be gone after Friday! Any un-named clothing will either be donated to op shops, used as second hand clothing or donated as rags. All drink bottles and containers will be thrown out. Please make sure you take the time to have a look at the property located on the bench outside of the 1/2 classroom before Friday as it won't be there Monday!

Over the weekend you may see some trucks and cleaners at our school. Once a year our school has what they deem an annual major clean, while each term break it has a more thorough clean beyond the daily wiping, vacuuming and cleaning. We have an amazing cleaner in Maria but this year for the first time, the annual clean was done by a separate crew and unfortunately it was below the normal standard we experience and expect. This is being rectified this weekend. We hope in the future this is not the case as we all, including Maria, take tremendous pride in the learning environment we aim to create.

Over the coming weeks there will also be some workmen around the school rectifying damage caused from the floods late last year. This includes new bookcases, desks, cabinets, running board and equipment damaged by the water. We are lucky this is coming at no cost to the school.

Thank you to those families who have returned their intention notices for the After School Care program. There are still a few days left to return these forms before we meet as School Council to make a more considered decision whether it is viable to continue.

Adam Downes – Principal

DATES TO REMEMBER

22 nd Apr	Fri	Book Club Orders Due In
		UNSW Forms & Payment Due In
