### THE ANIMAL AID FUNDRAISER

Last Friday our school had an animal dress up day to raise money for Animal Aid Gippsland. Thank you to all the students for supporting this day. Together we raised more than \$160. On Monday I went to Animal Aid Gippsland in Sale to deliver the money. They were very happy with it and will use it to help look after the animals. They had an orange cat called Meg that sat on the seat out the front, she was a worker there. We also got to look at the cats that are for sale. They will send our school an appreciation letter to thank us for the donation.

## MUSEUM REPORTS BY GRADE 2/3

On Monday we did a class museum with the 1/2 s. The 2/3s and 1/2 did the museum in the middle area. We did it after lunch. First we set up and 1/2s came around and had a look. My favourite old object was Tom's Pop's war things. I learnt that he was in the Vietnam War and survived. Josie and I were chosen to speak about what to do and what not to do.

The grade that came first were 345s. The person who asked a question first was Lachy. He asked me "how old is the photo with three people in it?" I said "that's 108 years old." The next grade was 5/6s the first person who came to me was Benj. He asked me "who is in the photo?" I said "my great great grandma her sister and her brother." The last grade that came was preps. We needed to help the preps with questions. Sadly I was not asked a question by the preps. The museum was really thrilling.

On Monday the grade 2/3 & the 1/2 had a museum at the school at 2:00 o'clock. We had the museum because in Mappen we are working on generations. We had the museum in the middle area. First the grade 345 came. Lots of them were curious. Next was the grade 5/6 I got lot of students at my two thing. Last it was the preps they were shy but that is ok . I only got 3 students. It was fabulous.

On Monday we (1/2 and 2/3) had a Classroom Museum in the middle area.

We took something to school that was old. We had the 3/4/5's come then the 5/6's then the prep/1's come. I got lots of people come to me. It was good.

On Monday we had a classroom museum. My class and the 1/2s went in the middle area for the museum. Lots of things were fragile and Piper let me be her partner. She is extraordinary and were doing it because in mappen were doing Through Generations. Firstly the grade 3/4/5s came a couple asked good questions. The bunny chair is the thing Piper brought in. Then the 5/6s came and they asked harder questions. The preps came last. It was an extraordinary day

On Monday grades 1/2 and 2/3 prepared for the classroom museum after lunch. Both grades of 1/2 and 2/3 had practised in front of the class. Each student was requested to bring in an old item for our MAPPEN focus; "Through generations". We prepared during lunch eating time and moved multiple tables for students to present their items to the three other grades of 3/4/5, 5/6 and finally prep/1. Lunch had come and all the kids went off to lunch.

When lunch had come to an end each student went off to collect their item and sheet of paper they had prepared earlier as it would guide them through swiftly and help them answer some student's questions. I brought in 100 year old swimming togs. The first grade to come in was 3/4/5. I had 2 visitors who supplied me with a big variety of questions, as the sheet helped guide me through successfully. This time I was more successful with visitors. I was supplied with many visitors and an extraordinary variety of fantastic questions. I was questioned constantly by multiple people. When it was over they darted frantically towards the single entry of the 5/6 classroom. Next the prep/1's came in. it was frantic. The preps rushed around looking at everyone's.

I think the whole thing was a massive success!!!
